Solihull "Ted Rogers" 3-2-1 Competitor Info 19th July 2015

Dear team manager,

Thank you for your entry to the Solihull Sprint pedal car race, round 4 of the 2015 British Pedal Car Championship, on Sunday 19th July 2015.

The entry list is attached. Please check through to make sure your team is correctly represented and contact me at solihull@pedalcars.info if not.

Notes for Competitors

General Rules and Regulations
Car specifications and race regulations etc. can all be found at www.pedalcars.info.

The Circuit
The circuit has various possibilities so the correct track for each race will be clearly marked with small cones. Please do not move any of the cones about.

Parking and entry
Please park in either of the public car parks (as shown on the map later in the document). The free car park is closer to the track but will obviously be more popular so there may be less space. The pay and display car park is across the road and I believe costs £1.50 for the day. Please be aware that the general public will also be using these car parks. Do not park in the Tudor Grange Leisure Centre car park….it will be a long walk.

Vehicle Access to the track Vehicle
Vehicle access to the track will strictly be from 8am to 9.30am. After that everything will have to be carried to the track. **Please do not turn up at 9.29am and expect to be allowed to empty your equipment.** No vehicles can be left on the track.

Lap Counting and Marshalling
Lap counting will be set up in a Van Start/finish line on the track. We will be asking for volunteers from teams to spend a short amount of time either monitoring the lap counting or marshalling.

Food and Water
No food or water is available on site, please bring your own.

Scrutineering
Junior teams are required to send a responsible adult to scrutineering with the car, not just one of the young drivers.

Race Control
The race controller will be confirmed on the day if there are problems or queries please see them as a first port of call.

Weather
For those not used to pedal car racing, it is worth pointing out that, in the event of rain, fog, thunder etc the race carries on pretty much regardless. Please make sure yourselves and your respective teams have appropriate clothing and tentage!

Pit Area
Each team will be allocated a pit area on the day. The pit area will be grass so feel free to bring tents/gazebo's.

Alcohol
The rules very clearly make the venue a totally alcohol free zone.

Toilets
This year will see the introduction of some portable toilets at the side of the track. There are also accessible toilets at the Tudor Grange Leisure Centre which is a short walk away.

First Aid
First aiders will be identified during race briefings. If there are any incidents, please call the first aiders immediately rather than trying to treat the injured person yourself.

Race Program

08:00	Venue Opens
09:00	Scrutineering starts
09:30	All vehicles leave circuit
09:45	Circuit Practice starts (after car has been successfully scrutineered)
10:15	Practice closed, driver briefing
10:25	Form grid
10:30 to 13:30	Race 1 (3 hours)
13:45 to 15:45	Race 2 (2 hours)
16:00 to 17:00	Race 3 (1 hour)
17:30	Presentations
18:00	All teams off site

The three races are totalled up on a points league basis to gain an overall BPCC result.

In each class:

In race 1: 1st = 4 points, 2nd = 8 points, 3rd = 12 points etc
In race 2: 1st = 3 points, 2nd = 6 points, 3rd = 9 points etc
In race 3: 1st = 2 points, 2nd = 4 points, 3rd = 6 points etc

(Obviously the team with the lowest points wins.)

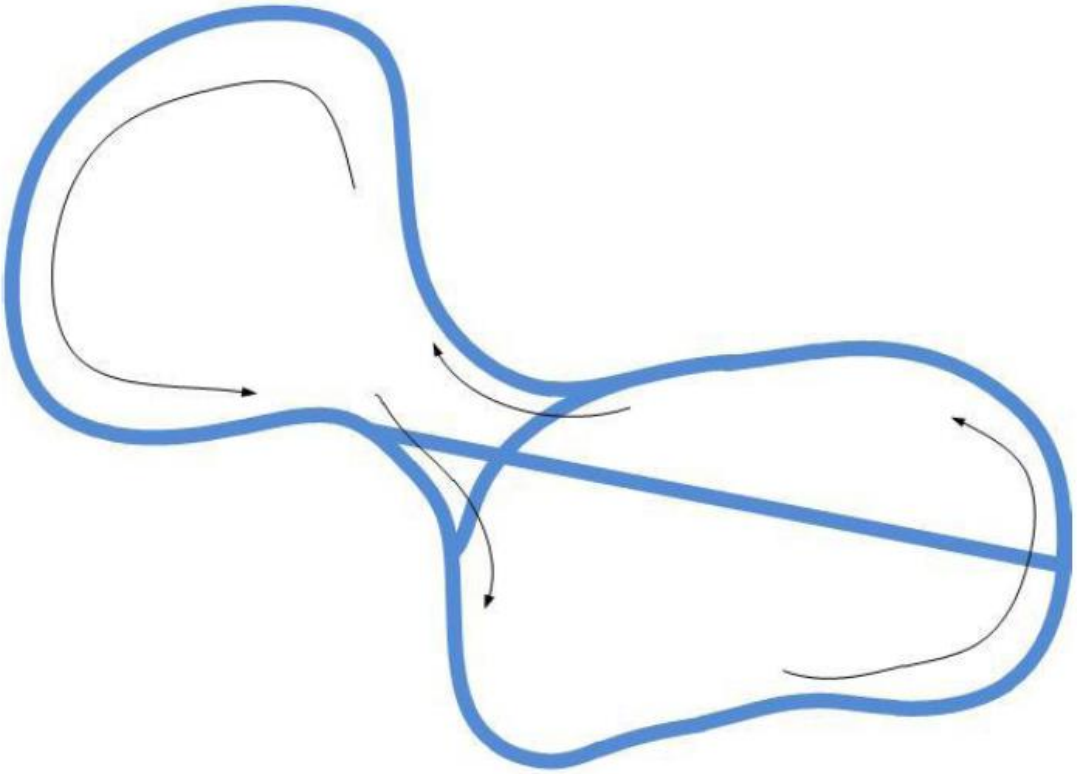

In the event of a tie: the team who beat the other tying team the most times takes the place.

BPCC points are awarded for the overall result and not the individual races.

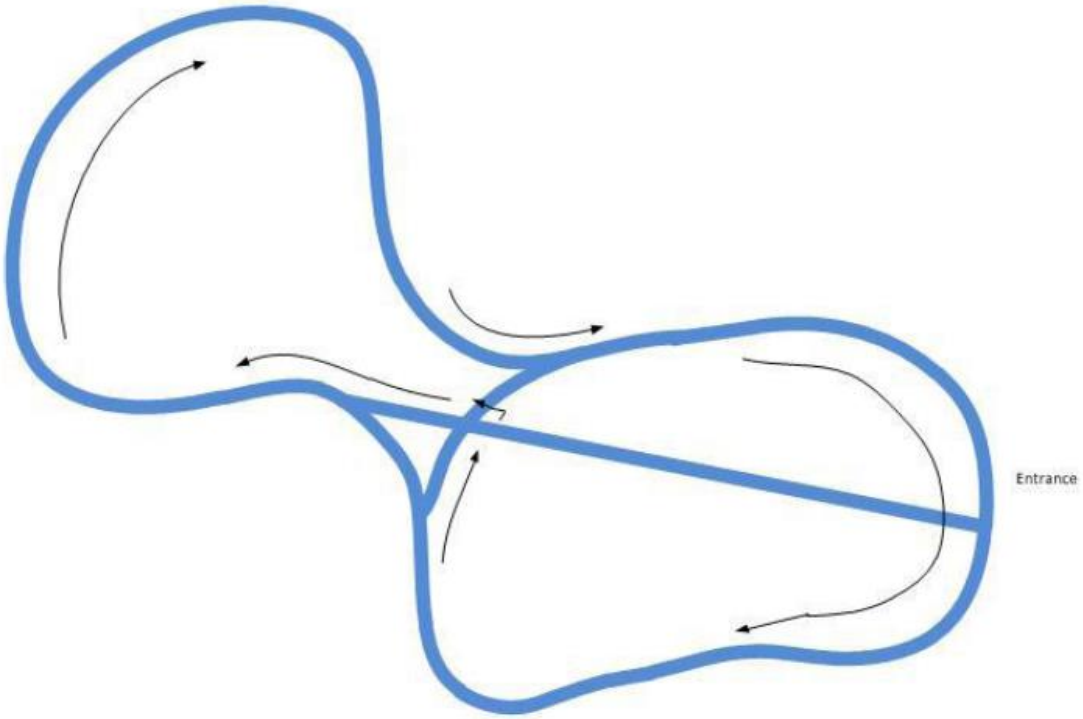

Once again, thanks for your commitment to the Solihull Sprint Races.

How to get there

The track is at Tudor Grange Park on Monkspath Hall Road, Solihull. The second picture shows the car parks. For those using Sat Nav: the best postcode to use is the one for the new housing estate called Tudor Coppice which is point A on the first picture, which is **B91 3DE.** You should then be able to find the car parks and track from there, using the maps below.
